ELEVATORS

ESCALATORS

ARCOtis Elevators & Escalators L.L.C

ARCOtis Elevators & Escalators L.L.C

Introduction

We are very proud to be the enterprise that have used top technology with specialized and very accurate technical specifications, including tropicalized equipment to manufacture lifts for all requirements of the architects, installment, technology research and service for passenger elevator, residential elevator, cargo elevator, hospital elevator, observation elevator, roomless elevator, escalator, passenger conveyor and travelator etc. also encompasses many of the common attributes expected by the modern society of today. Safety, reliability, performance, comfort and a design based on human needs. It is the result of the company's research and development efforts and embraces the latest leading edge technology coupled with the processing might and versatility of the humble microprocessor and demands of our clients. The company is staffed with qualified engineers and skilled technicians with Masters of Science and Technology or many years of experience, which are well-trained and experienced in the factory or elevator circle.

Currently we are offering the latest and state-of-art designs with advanced technologies in various and modern buildings such as an apartment, complex, office buildings and etc. both in domestics and overseas markets.

The elevator' test tower was set up. The tower can provide the best developing environment of elevator products. Therefore, anybody can take all products (room-less, high-speed passenger elevator; observation elevator; goods elevator, escalator and conveyor) in our company anytime. Also we are transferring all our technologies related to installation and after-service works to our engineers so that they can keep providing best quality service of our elevator system to satisfy our clients in the local market. In details, before entering of each market, we will complete all of related technical training of installation and after-service with our engineers at job sites. Through these technical trainings it can make our staff to have more reliable technical background and provide best quality of installation and after-service to clients.

Specially, advance technologies of the distributed and micom system applied to control panels can makes our engineers to do fast analysis of failures cause and repair defective parts together with easy and simple installation and maintenance operator, which can makes our engineers with highest efficiency of installation and after-service works.

Good after-sale service has also been done in overseas marketing, while offering clients the advanced and safety products with the steady and comfortable feeling of it; we supply the good service to client with the advanced technology accurately and promptly and we give the overseas clients satisfying service as well as strong technology support.

Our products and processes are in full compliance with safety standards and quality guaranty enterprise of ISO9001, and culminated with the collaboration of international European standard. It's enjoys high reputation because its highest security standard, durable quality, elegant appearance, advanced craft and technology.

ARCOTIS Elevators & Escalators L.L.C

ARCOTIS Elevators & Escalators L.L.C

Our **Products**

All types of Passenger & Freight Elevators

- Loads up to 50 tons
- Speeds from 0.15m/sec to 4m/sec

Escalators & Moving Walks

Parking Systems

Modernisation Solutions

Marine Solutions

ARCOTIS Elevators & Escalators is one of the lift companies that offers complete lift systems, supplying complete range of solutions of hydraulic or traction technology, with machine room (MR elevators) or machine roomless (MRL lifts) such as home lifts.

Our **Solutions**

Complete Lift Systems

MRL Traction Lifts
MRL Hydraulic Lifts
High Rise/Speed Lifts HRS
MR Traction and Hydraulic
Green Lifts
Accessibility products
Heavy Load Lifts
Freight Lifts
Goods only Lifts
Escalators & Moving Walks
Car Parking / Elevation Systems
Earthquake & Vandal Resistant Lifts
Fire Fighting Lifts

Lift Subsystems

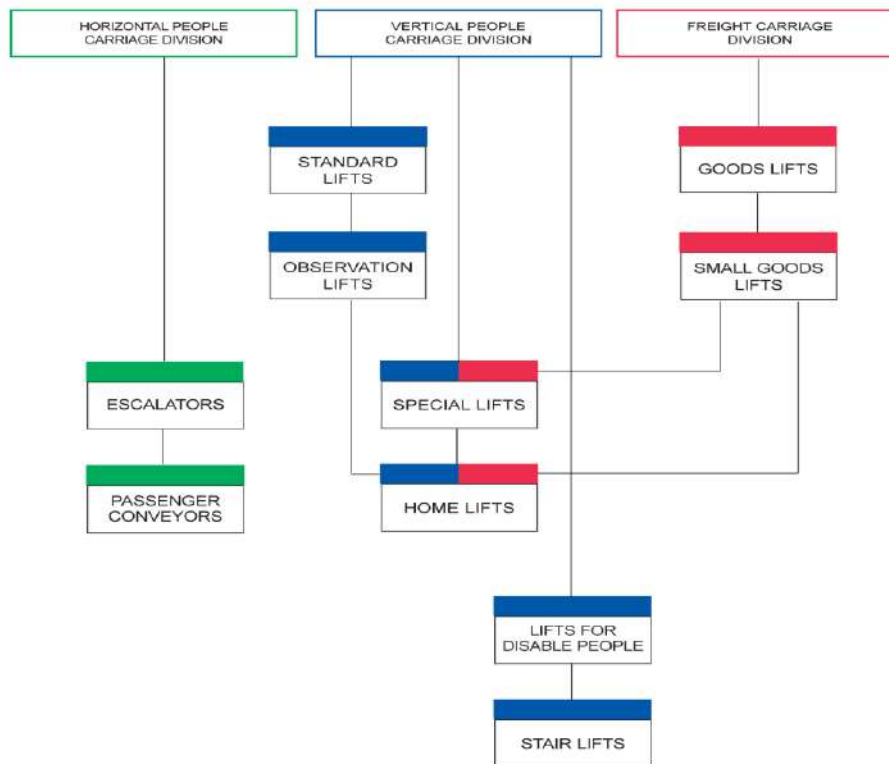

Cabins, Doors, Electronics
Hydraulic & Traction Sets
Shaft Structures
Lifts Spare Parts
Modernization Kits

Apart from complete lift solutions, **ARCOTIS Elevators & Escalators Co.** also provides its customers with the flexibility to acquire elevator sub-assemblies (lift cabins, doors, electronics etc.) based on the project requirements. In addition, working together with its clients develops customized solutions for the modernization of the older elevators combining the cost effectiveness with the highest quality outcome.

ARCOtis Elevators & Escalators L.L.C

ARCOtis Elevators & Escalators L.L.C

Company Values & Mission

- Commitment to our Clients
- Commitment-always Growth
- Meet our Clients Demands
- Respect to our Employees
- Integrity
- Quality
- Safety
- Courage
- Teamwork

Advantages over Competition

- Unique Design
- Competitive Pricing
- European Quality and Products
- Excellent After Sales Service Support
- Bespoke Engineering and Design Solutions
- Fast Delivery -> 4 Weeks Manufacturing Time
- 24/7 Maintenance and Service

INNOVATION Engineering

1. Top quality products, 2.State of the art machinery, 100% quality control, 3. Experts in special projects, 4. Earthquake resistant/ Vandal resistant, 5. Fire fighting/ Heavy Load lifts, 6. **ARCOtis** is supplier to Multinational lift companies

Technical staff

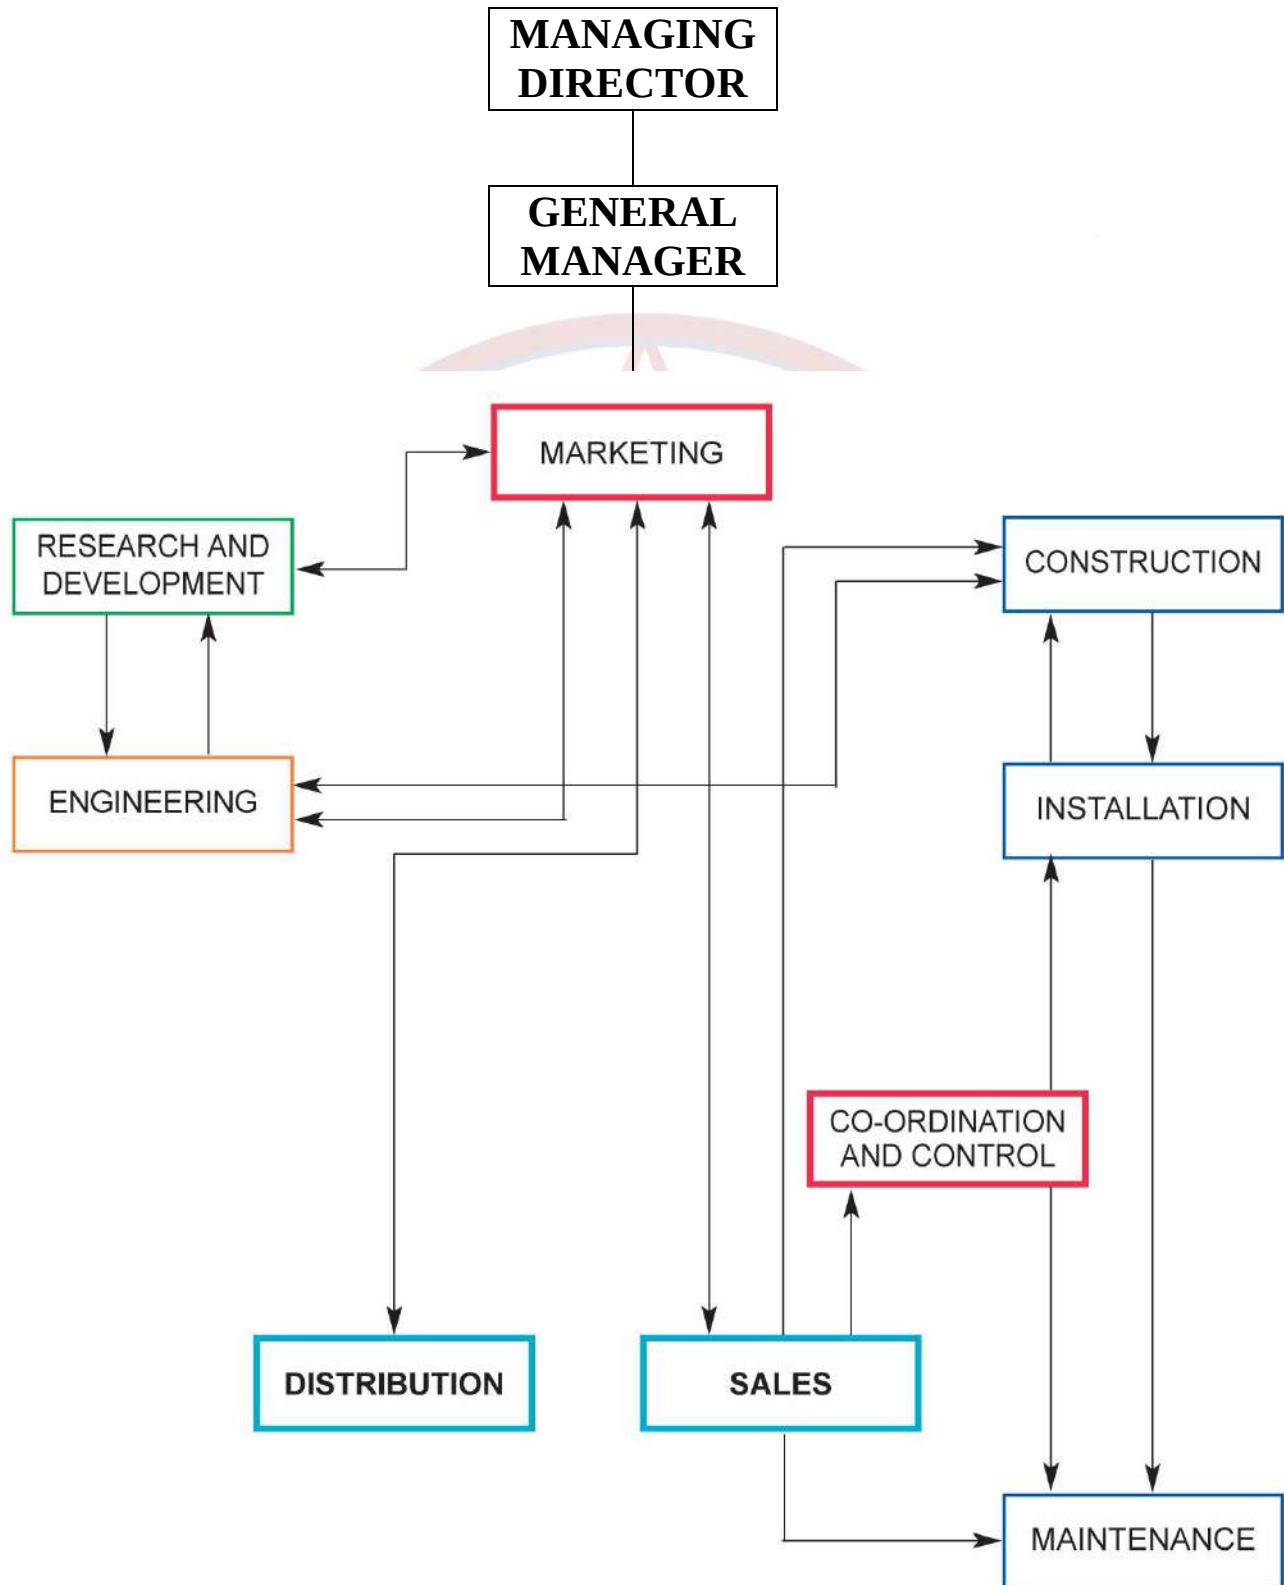

The company employs professional technicians, mechanics and fitters experts with corresponding education and training needed to carry out the operations and procedures related to the operation of the company, such as installation, service and maintenance of elevators, escalators, parking systems and lifting equipment building electrical networks and their subsequent maintenance.

ARCOtis Elevators & Escalators L.L.C

ARCOtis Elevators & Escalators L.L.C

ORGANIZATION CHART

ARCOTIS Elevators & Escalators L.L.C

ARCOTIS Elevators & Escalators L.L.C

Scope of activities

The main activity is the sale, installation, maintenance, repair, reconstruction and modernization of elevators, escalators, parking systems and lifting equipment. Additional work is necessary to complete construction of electrical installations in residential and public buildings.

ARCOTIS Quality & Safety

ARCOTIS Elevators & Escalators Co. Quality Policy

Elevator ride quality is not only dependent on the product quality but also on the installation quality. Our Engineers and technicians are trained in-house and overseas on the latest technologies for quality installation.

Under the supervision and guidance of **ARCOTIS Company**, we strictly follow the quality standards during installation. The use of high-precision and specialized tools like Vibration Analyzer(EVA) etc., whose highly accurate response and analysis capabilities allows for rapid identification of problems; enables us to take immediate corrective measures.

ARCOTIS believes it is not only important to provide quality equipment but also to provide quality installation and maintenance. Our Quality Assurance Plan includes an intensive maintenance program to ensure trouble-free performance in the long run.

The availability of genuine spare parts is also guaranteed through **ARCOTIS Company**

Own emergency service

Given our desire to provide our clients full use of purchased equipment, the company maintains a non-stop service unit. This mobile group consisting of qualified technicians is available 24 hours, 7 days a week, so we promptly correct any problem and restore normal operation of the plant.
